**SCHOOL NOTES.**

The girl's basket ball team is planning to play Roseburg early in January.

The basket ball boys hope to have a game with Ashland Normal soon. Watch for announcement later.

Dr. Homan, president of Willamette University, spoke to the students of the High School and the Seventh and Eighth grades on Monday morning last, December 7. The title of the talk was "Race-tracks." Dr. Homan mentioned in commencing that we had doubtless had talks on various subjects ranging from "How to make the most of Opportunities," to "Fire Alarms," and for this reason had decided to seek a new line of thought. Various examples were given to show the worth of perseverance and the reward of diligence; in fact the whole talk rang with that good advice of "Don't be a quitter."

The words of Dr. Homan were greeted by hearty applause by the students. In closing he reminded us of that oldest institution of learning, in Oregon, Willamette University and gave us all an invitation to attend there when we had finished the High School course, an invitation which we might well accept.

The December Tokay will be out next week. It is getting better and better all the time. Be wise and subscribe.

The boys' basket ball team has new suits for the coming games. Now see them shine!

On Friday evening, December 4, two very interesting basket ball games took place at the Coliseum skating rink. The first was between the first and second girl's team of the High School. The second between the local team, known as the "Nuggets" and the High School boys. In the first game the score was 9 to 8 in favor of the first team. In the second game the High School boys were victorious, the score being 13 to 16 in their favor. This was almost more than the Highs expected as those of the opposing team were both heavier and taller, but the game proved, however that our boys were quicker which more than offset the advantages of the "Nuggets."

Elated by the victory of December 4, the High School boys are making arrangements to play Roseburg. Basket ball.

It has been definitely decided that some time during the spring the University of Oregon will celebrate "Commonwealth Day." Thousands of invitations will be sent to all parts of the state and the most prominent speakers of Oregon will be on the program. It is hoped to make this an annual day for the state. A committee is already working on the program and the plans for the day. "Commonwealth Day" will be held at the time when the University is in session in order to give a large number of people a chance to see the University as it actually is. The faculty of the University of Oregon has passed a strong resolution against playing the annual Oregon-O. A. C. football game any place else than on the campuses of the two institutions.
